

The Voice and Advocate for AM/FM Radio and its Digital Platforms in Southern California

For Immediate Release:

Southern California Broadcasters Association Releases its Extensive Quarterly Market Guidance Report for Q2 2017.

Los Angeles, CA, March 29, 2017 – The Southern California Broadcasters Association (SCBA) has published its extensive **SCBA Quarterly Market Guidance Report for the second quarter of 2017** for its Southern California member Radio stations, clients, advertising agencies, media buying services, PR firms, and the press, via its website at www.scba.com.

The SCBA Quarterly Market Guidance Report is a comprehensive study into market conditions, Southern California Radio listenership trends, key advertising category trends, regional economic trends, competitive analysis, relevant industry trends, research highlights, and SCBA recommendations for Q2 Radio advertising strategies. The report is published prior to each quarter and is designed to be used as a planning resource for Radio advertisers who are interested in the country's largest region as well as the largest Radio revenue market in the United States.

“The SCBA Quarterly Market Guidance Report for Q2 2017 is our most extensive report to date on the dynamic Southern California region,” said SCBA President Thom Callahan. **“The report is researched and written as an informative guide for advertisers wanting factual information that will be useful in building their brands and their business in Southern California.”**

“This SCBA Q2 report highlights impressive consumer demand for AM/FM Radio content with weekly Cume and Average Time Exposed growing for Southern California Radio,” said Callahan. **“With our leading ad categories projected to increase, an explosive regional economy, solid job growth, and our enhanced competitive position with other media, Southern California Radio is well positioned for a solid Q2 and 2017”.**

The SCBA Quarterly Market Guidance Report provides specific regional market and business trends for Southern California as well as specific industry information from a wide variety of recognized sources, all of which are documented in the report.
