

# Triband Cellular Antenna

## Features

- ✓ Window-mount
- ✓ 800/900/1900MHz
- ✓ Stealthy design for covert applications
- ✓ Compact size 4.84" x 0.87" x 0.71" (LWH)

The ACCTC is a sleek and slim triband AMPS/GSM/PCS antenna. It is highly suitable for tracking applications when combined with a GPS antenna.

The triband design allows the ACCTC to replace up to three antennas. No need for multiple installations when one will do.

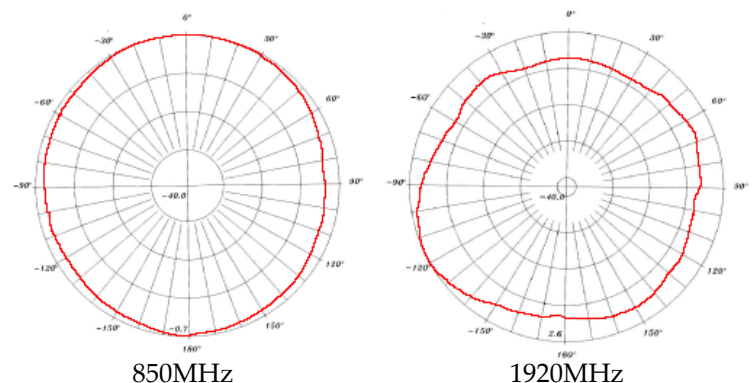

The sleek design and suction cups lets the ACCTC be inconspicuously mounted on the inside of windshields. Remove the suction cups for covert installation.

Cable lengths and connector configurations customized to meet your requirements.

Compare its performance against other similar antennas and you will see that the ACCTC is your choice.
